All sheets offered are standard 36" (915mm x 100mm wide) lengths

For mail orders, the minimum balsa order is \$75 plus postage

To make my task a little easier, please prepare your order in the following manner:-

1. Quantity and sheet size i.e. 5 @ 1.5 x 100mm x 915mm,
2. add the Sheet Density required i.e. 5 @ 1.5 x 100mm x 915mm, 6.6 - 7.5lb,
3. then lastly, the Grain type i.e. 5 @ 1.5 x 100mm x 915mm, 6.6 - 7.5lb, Straight grain.

Please do not frame or box your order (no Excel formats) and try to list the items in order of thickness

If you still grade balsa in the old fashioned light, medium and hard method, please convert your requirements to pounds/cubic foot density (refer to the Density chart provided) that is how my balsa is graded.

Once you have formulated your list, email your requirements to me.
